

INTERNATIONAL CUSTOMIZED TRAINING

International Customized Training curriculum is designed for an organization or student's specific needs, whether they are in business and management, entrepreneurship, technology, education, engineering, sciences, or teacher training. Our trainers are both seasoned San Francisco State University faculty and leading industry experts, who come to classes ready to engage students in interactive workshops and provide them with high-quality learning outcomes. They offer a hands-on education that provides the practical knowledge you can apply to your career immediately after completing the program. This program works with universities and companies around the globe and is tailored to bring professionals to the next level.

REASONS TO CHOOSE SAN FRANCISCO STATE UNIVERSITY INTERNATIONAL CUSTOMIZED TRAINING:

- Programs are tailored in length and range from one day to one year
- The curriculum offers the most current theories and practices in a variety of content areas
- Professional interpretation is provided as needed
- Training is provided on both campuses, linked by a direct public transit line
- Our main campus lets students immerse themselves in a traditional American university environment
- The Downtown Campus offers students the chance to experience the entrepreneurial business district of San Francisco
- We have partnered with a variety of San Francisco Bay Area Fortune 500 companies, startups, government agencies and peer universities
- Our partnerships can offer you the chance to visit leading local businesses, government agencies or universities

LOCAL HOUSING OPTIONS:

- On-campus dormitory or apartment-style housing available during the summer
- Housing in centrally-located hotels, off-campus apartments, private dormitories and homestays available year-round*

**San Francisco State University program participants may be eligible for discounted rates*

WHAT STUDENTS ARE SAYING

Cecilia Carolina Muñoz de Anaya
Primary School Teacher, Argentina

I tried to apply everything I learned at San Francisco State with the intention of improving my teaching techniques. There are no more blackboards in my classroom; children nowadays are capable of working with technology really well, and as teachers, we have to adapt to that.

SF STATE CAMPUSES

The main campus is located in a quiet and safe neighborhood near the Pacific Ocean.

The Downtown Campus is located in the heart of the business district, near social media companies, including Twitter, Pinterest, and Yelp; and new economy companies, including Airbnb and Uber.

State Administration of Foreign Experts Affairs (of China) certified international training organization
